Dear Mr. Morss;

This is to confirm that on November 29, 1979 between 4:50 PM and 4:57 PM you were listening to CKAR. Our transmitter is situated on the shore of Lake Ontario, approximately two miles east of the city limits. During the day CKAR broadcasts at 10,000 Watts and in the evening our power is reduced to 5,000 Watts.

Enclosed you will find one of our window stickers. I hope you can find some use for it.

Many thanks for your letter and continued success with your hobby.

Sincerely,

John C. Smith,
Production Manager,
